

Dear reader,

The takeover of Lapauw by Philippe D'heygere in 2010 marked the start of a new area for our company.

The pace of development was significantly increased and many efforts have been made to further strengthen the position of Lapauw in the market.

In the past few years, we have founded four new daughter companies around the world and our product range is broader than ever before. Three completely new products have been introduced in 2014/2015 and another three new products, including a completely new generation of gas heated ironers, will be launched at Texcare Frankfurt in June of this year.

All these products have been developed with one idea in mind: provide our customer with the best possible solution, at the lowest total cost of ownership.

You will find more details about this and other topics in this newsletter.

We look forward to providing you with more updates on our new solutions in the next months.

Best regards,

Steven Renders,  
CEO.

## Lapauw Garment Solutions - Testimonial by Synergy Health

■ Linda Groen  
Company Manager Synergy Health, NL

Synergy Health is a health care service group with laundries throughout Europe. Recently they've opted to change current garment finishing equipment in one of their plants by an integrated Lapauw garment finishing that consists of the Hot STREAM tunnel finisher, 2 feeding stations and conveyor system.

As they explain in this testimonial, the change immediately paid off.

## Lapauw sponsors the World Textile Services Congress

---

Lapauw is happy to announce that it is an event partner of the 2016 World Textile Services Congress.

The WTSC will be one of the major textile services events in 2016 and will provide professionals in the textile industry with an insight to the technological, scientific and economic developments in the textile service industry.

The Congress will be held on October 5-7 in Bruges, Belgium.

## Lapauw opens Lapauw Brasil

---

In the beginning of 2016, the Lapauw group announced the creation of a new subsidiary in Brazil.

Lapauw Brasil is our 7th foreign office.

Lapauw Brasil will be headed by Paulo Javurek, a Brazilian engineer who combines his technical expertise with many years of experience in sales, service and management positions, working for international groups.

## New team members for Lapauw CEE

---

Recently, our subsidiary in Prague, Lapauw CEE, appointed its new Sales Manager Mr. Tomáš Řeháček. With 17 years of knowledge and deep technical and commercial experience in the laundry industry, Tomáš is the perfect person to serve all clients in the Central and Eastern Europe region.

Lapauw CEE has also hired a new team member for Technical and Aftersales Services, Mr. Nikolay Nikolov, and Mr. Martin Šejvl has been appointed to a position of CAD designer.

## Dealer in the spotlight: Vinciarelli

---

Vinciarelli is a name that still sounds like a bell in the Italian market, as it has been one of the most successful suppliers of laundry equipment in Italy ever since the sixties.

With Debora Vinciarelli - daughter of the founder of the company - at the helm, Vinciarelli is still in family hands and breathes the dedication to the customers and quality of service that is typical for family owned businesses. The ideal match with Lapauw.

Together with her husband, Teodoro Delle Grottaglie, Debora manages the 20 people strong company and both have more than 20 years of experience in the laundry business. The Vinciarelli staff has already received extensive training on the Lapauw equipment.

Vinciarelli is located in Perugia, the center of Italy, and has 6000 m<sup>2</sup> of offices and showrooms.

## Reorganization After Sales Department

---

Lapauw has been expanding its business extremely fast lately, and this required us also to reorganize the after sales department.

The daily functioning and coordination is from now on organized by Mr. Dennis Daem. Next to Dennis, we also welcome Mrs. Heidi Vandeleene. She will be the first contact for spare parts quotations, orders, transport of the parts and invoicing for the whole after sales department.

## Beyond Innovation: Lapauw Springs

The individual springs are vintage Lapauw technology and well-known as the durable, low maintenance springs. But there is much more to say about them.

3 reasons why the Lapauw individual springs enhance ironer efficiency and finish quality are: increased evaporation power, ironing quality and easy maintenance and padding durability.

Want to know more about the innovative Lapauw springs? [Click here to read the full article.](#)

## Holidays

Since May is coming closer, our summer holiday is coming closer as well. Lapauw factory is closed from 18th of July till 15th of August, but after sales of course continues business. Beside the summer holiday, there are a couple of days which are international holidays where Lapauw and after sales will be closed as well.

Thursday 5th of May: Ascension day

Monday 16th May: Whitsun, Pentecost

Tuesday 1st November: All Saints day

During these days, for urgent matters, after sales can be reached at +32 491 61 31 33.
